## About Us

For many businesses, accountancy is just a service they need, not something picked for its added value. At Baker Tilly Staples Rodway, our talented people and diverse range of services mean that we can be so much more for our clients. We have been one of New Zealand's most trusted Independent accountancy firms for over 70 year and this is why we are also Canterbury Trusted.

### Spencer Smith and Dorian Crighton

“Baker Tilly Christchurch is delighted to have been awarded Canterbury Trusted, as getting the award was no simple box-ticking exercise. We needed to be confident that our client service and quality controls were up-to-scratch. It is an excellent initiative by Business Canterbury, which we recommend to others.”
